

## Work Flexibilities

**Alternative Work Schedules & Telecommuting** – The DOE leads the way in flexible work schedules with opportunities for telecommuting and compressed workweek programs thru its [DOE-Flex](#) and [AWS](#) programs. As long as you qualify you can enjoy the latitude these programs offer.

- Family Friendly Flexibilities: <http://www.opm.gov/oca/leave/index.htm>

**Job Transfers** - The sheer size of the DOE (it has a presence in almost every major US city) and wide breadth of its career options allow it to offer excellent job transfer opportunities. If you meet job requirements and qualifications, you'll enjoy mobility with your job that's simply not possible with most organizations.
